

EMFACE®

PRE-TREATMENT

MAKE SURE YOU ARE WELL HYDRATED!

Drink lots of water in the days leading up to treatment

DRESS PROPERLY

Dress comfortably, or bring a change of loose fitting clothing. A grounding pad will be placed on your back so please ensure we are easily able to access this area.

POST-TREATMENT

AVOID INVASIVE TREATMENTS

Please speak to your provider if you are scheduled for or interested in any additional treatments for face, including but not limited to injectables, laser, microneedling, etc..

PROTECT YOUR SKIN

There is no downtime with EmFace, but it is important to maintain a good skincare routine, with active ingredients, and protective qualities. Do not forget sunscreen!

FINAL RESULTS

Remember that final results will be achieved 90 days after final treatment. Give your body time to build that muscle. We can't wait to hear about your results!
